The diagram illustrates the internal cartridge assembly of a Geberit faucet. A 3mm dimension is indicated for a specific part. The assembly is shown in two views: a top-down view of the cartridge and a side view of the cartridge installed in the faucet handle. Numbered callouts 1 through 4 point to specific components: 1 is the cartridge body, 2 is the cartridge cap, 3 is the cartridge base, and 4 is the cartridge seal. The diagram is used to illustrate the troubleshooting steps for various faucet issues.
